MuranoStone

The dazzling beauty of metallics, enhanced with handcrafted colour tones, encased in a glass-like surface, over a natural stone tile – this is the unique and stunning design concept of Murano**Stone**. This beautiful collection has been expanded for 2017 with exciting and trendy new colour tones.

In our 2017 Collection, we bring you exquisite new colours, supplementing the range of the colour palette available. These exciting new colours have been developed keeping in mind the contemporary and chic colour tones in vogue at the moment. Spoil yourself for choice between timeless Whites, cool Beige Greys, elegant and hip Blue Greys, and dynamic Brown-Blacks.

This range of colour tones come coupled with a vast selection of available format options, from the evergreen subway tile, a host of other tile sizes, to the fashionable mosaic patterns like chevron, herringbone, hexagon, and some inspiring patterns in linear mosaics.

The large format tile is the biggest tile trend of 2017, and we are proud to add it to our Murano**Stone** Collection, in an impressive size of 60x120 cm!

FossilStone

Blending the ancient with the modern, the archeological with the industrial, the FossilStone collection is a truly unique design concept to decorate or accent your walls. It combines the stunning impact of metallics, with a glossy surface, over a natural stone tile which has been enhanced with fascinating surface textures. This beautiful collection has been expanded for 2017 with trendy new colour tones, and exciting new design formats.

In our 2017 Collection, we have expanded the Planks format with exquisite new colours, supplementing the range of the colour palette available. These new colours are varying tones of white and grey - Iceberg, Silverstone, Titanium and Graphite.

In addition to the new colours added to our Planks format, we have developed new design concepts, which are contemporary and modern – Metal Hex, Alloy Brick and Industrial Patch.
